

Community Legal Education Association Board Member

Community Legal Education Association (CLEA) is a not-for-profit, charitable organization that provides Manitobans with information about the law through several services. We have existed since 1984 and we believe that the law belongs to the people – “Unknown rights are not rights at all.”

CLEA is seeking a board member with competencies in marketing, communication, and/or fundraising. Experience in the following is considered an asset:

- Previous or current experience as a board director
- Proposal writing and fundraising
- Strategic planning
- Policy development

CLEA’s Board of Directors meets approximately 8 times a year and meetings are about 2 hours long. Board members are also expected to participate on one of CLEA’s committees (Personnel, By-Law & Policy Review, Finance, Law Phone-In & Lawyer Referral, Nominating and Board Development). All board members are expected to help with fundraising.

Interested individuals should forward a resumé and cover letter indicating why they wish to be considered.
